Allowable Subject Matter

2. Claims 1-7 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter: No prior art of record discloses a form for delivery of a mailpiece by a special service, wherein the form comprises; a first layer having a front side and a back side wherein the front side has a plurality of parts and wherein a first part receives a first type of electronically-imaged postage, wherein a second part receives a second type of electronically-imaged postage; wherein the first or second type of electronically -imaged postage is necessary to effect the delivery of the mailpiece by the special service wherein one of the first or second parts is removable from the front side of the first layer and attaches to the mailpiece to effect the delivery of the mailpiece by the special service; and including all of the other limitations in the independent claim.

Crandell et al reference as modified by the Lockhart et al reference is the closest reference to disclose similar limitations to that of applicant's invention. However, Crandell et al in view of Lockhart et al does not disclose wherein one of the first and second parts is removable from the front side of the first layer and attaches to the mailpiece to effect delivery of the mailpiece.
